Subject: Fairmont Butte Motorsports Park (Project No. 02-176).

From: XXXXXXXXXXXX

I have lived in the Antelope valley for many years. From my job in aerospace to retirement I have always enjoyed the coming of springtime with warmer temperatures and the wildflowers. The California Poppy Reserve lies to the west of Lancaster a few miles and is set-aside for the preservation of the State flower, the California Poppy. Over the years I have watch as housing tracks moved westward toward the Preserve. Other threats such as 400-foot tall wind turbines next to the reserve were narrowly averted.

The proposed auto racetrack north of the Preserve would change the nature of the area away from a quiet place visitors from around the World come to for beauty and relaxation, to a spreading urban landscape. With time, the Reserve will be incased in housing tracts and strip-malls, the standard of life in Southern and most other parts of California. While time still exists, we as concerned citizens should make the protection of the Poppy Reserve and the Fairmont / Antelope Butte area a priority. With that in mind I would like the LA Department of Regional Planning to turn-down the Fairmont Butte area for the race track and support the applicant in finding a more suitable location.

Sincerely,

XXXXXXXXX
